RE: 2024_p184-188_MSDE_Broadening Options and Opportunities for Students Today (BOOST)

Dear Senator Guzzone Guzzone and Delegate Barnes:

This letter is submitted in accordance with the requirements on Page 184-188 of the Fiscal 2024 Joint Chairmen's Report (JCR) to provide information on the Broadening Options and Opportunities for Students Today (BOOST) program.

2023-2024 Program

The appropriation for the program was reduced in fiscal year 2024 from \$10 million to \$9 million. The annual budget bill, which governs the program, allows the Department to retain funds remaining in the prior fiscal year to support scholarships in the current fiscal year. The actual FY 2024 program funding is \$9.1 million. As stated in House Bill 200, the BOOST Advisory Board prioritized awards for current BOOST recipients and their siblings, and continues to prioritize students eligible for free meals and students currently attending public school followed by students eligible for reduced-price meals and students currently attending a nonpublic school. Students attending high school receive an adjustment to the base award. Students receiving special education services receive an adjustment equal to the base award amount.

Required Report Elements

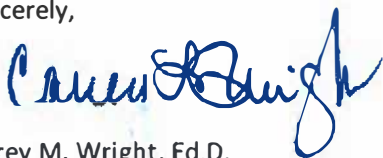

The fiscal year 2024 JCR requires that the Maryland State Department of Education (MSDE) submit information by January 15, 2024 on:

- the number of students receiving BOOST Program scholarships;
- the amount of the BOOST Program scholarships received;
- the number of certified and noncertified teachers in core subject areas for each nonpublic school

- participating in the BOOST Program;
- the assessments being administered in accordance with federal and State law by nonpublic schools participating in the BOOST Program, and the results of these assessments. MSDE shall report these assessment results reported by nonpublic schools to the budget committees in an aggregate manner that does not violate student data privacy;
- in the aggregate, for each BOOST Program scholarship awarded:
 - the nonpublic school and grade level attended by the student;
 - the school attended in the 2023-2024 school year by the student; and
 - if the student attended the same nonpublic school in the 2022-2023 school year, whether, what type, and how much nonpublic scholarship aid the student received in the 2022-2023 school year and will receive in the 2023-2024 school year;
- the average household income of students receiving BOOST Program scholarships;
- the racial breakdown of students receiving BOOST Program scholarships;
- the number of students designated as English language learners receiving BOOST Program scholarships;
- the number of special education students receiving BOOST Program scholarships;
- the county in which students receiving BOOST Program scholarships reside;
- the number of students who were offered BOOST Program scholarships but declined them, as well as their reasons for declining the scholarships and the breakdown of students attending public and nonpublic schools for students who declined scholarships;
- the number of students who received BOOST Program scholarships for the 2022-2023 school year who are attending public school for the 2023-2024 school year, as well as their reasons for returning to public schools; and,
- the number of students who received BOOST Program scholarships for the 2022-2023 school year who withdrew or were expelled from the nonpublic schools they were attending; the reasons for which they withdrew or were expelled; the schools they withdrew or were expelled from; and the length of time students receiving BOOST Program scholarships were enrolled at a nonpublic school before withdrawing or being expelled.

The attached pages include the required information. If you have questions or need additional information, please contact Akilah Alleyne, Ph.D., Executive Director of the Office of Governmental Affairs, Education Policy, and External Relations at akilah.alleyne@maryland.gov.

Sincerely,

Carey M. Wright, Ed.D.
Interim State Superintendent of Schools

Broadening Options and Opportunities for Students Today (BOOST) 2023-2024
Scholarship Award Summary
As of 12/27/2023

| BOOST Scholarships Awarded | Number of Students | Scholarship Amount for this Category | Total Value of Awards |
|------------------------------------------------------|---------------------------|---------------------------------------------|------------------------------|
| Qualified for Free Meals, Attended Public School | 653 | \$4,750 | \$3,101,750 |
| Qualified for Reduced Meals, Attended Public School | 116 | \$3,750 | \$435,000 |
| Qualified for Free Meals, Attended Private School | 1,950 | \$1,600 | \$3,120,000 |
| Qualified for Reduced Meals, Attended Private School | 223 | \$1,200 | \$267,600 |
| Adjusted Award - Special Education | 220 | \$2,807 | \$617,522 |
| Adjusted Award - High School | 622 | \$3,000 | \$1,866,000 |
| Adjustments when (BOOST & Non-BOOST \$) > Tuition | | | \$(766,931) |
| Total Scholarship Value | | | \$ 8,640,941 |

Notes:

Final adjusted award may vary as to not exceed the tuition after subtracting non-BOOST financial aid

Per House Bill 200 and decisions of the BOOST Advisory Board, priority was given to renewal students and their siblings, students who previously attended public schools, and students who qualify for Free Meals (versus Reduced Meals). Students with the lowest incomes are served first.

High school students receive an additional \$3,000 award.

Students receiving Special Education services receive an additional award equal to the amount of the award. The BOOST Advisory Board decided to award an additional \$750 award to all Special Education students.

In an effort to spend down remaining funds, a final batch of award offers was made on December 15, 2023. Due to school closures during the holiday season, there are still some students whose enrollment has not yet been confirmed by the school. The parents, however, have accepted the awards. Certain data points (confirmation of special education status, financial aid being offered to the family, etc.) are not available for these students.

* Applicants either formally declined the award, chose to stay enrolled in a non-participating school or are not currently enrolled in the selected BOOST participating school.

Notes:

Per House Bill 200 and decisions of the BOOST Advisory Board, priority was given to renewal students, students who previously attended public schools, and students who qualify for Free Meals (versus Reduced Meals). Students with the lowest incomes are served first.

Renewal applicants who are still income eligible received an award based on their Free or Reduced Meal income status as determined in the 2023-2024 application. The Public or Private designation for Renewal applicants is kept the same as it was in the first year the student applied for the BOOST scholarship.

Total Award Amount includes adjustments for special education students, high school students, and reductions in cases where the BOOST aid plus non-BOOST aid exceeded tuition. Schools may not use BOOST funds as a substitute for other financial aid.

Broadening Options and Opportunities for Students Today (BOOST) 2023-2024

The BOOST Program, authorized in budget bill language, requires participating schools to administer standardized assessments in the same manner as those issued to public school students. Participating schools must report assessment data to MSDE from the previous school year. The 2023-2023 school year assessment data is available in Appendix A.
